## CAREER OBJECTIVE

To enhance my skills as a Frontend developer by transforming design ideas into intuitive, user-friendly web pages. I aim to apply my technical expertise to a dynamic development team and drive innovation in web development.

## EDUCATIONAL QUALIFICATION

Exam Title	Concentration/ Major	Institution Name	Passing Year
BSc. (Engr.)	Electronics & Telecommunication Engineering	Rajshahi University of Engineering and Technology (RUET)	2024
H.S.C	Science	Dhaka City College, Dhaka	2017
S.S.C	Science	Bangladesh Bank High School, Motijheel, Dhaka.	2015

## RELEVANT ACADEMIC COURSES

- Computer Fundamentals and Programming with C
- Data Structure and Algorithm
- Numerical Methods in Engineering

## LICENSES & CERTIFICATIONS

-  **Learn JavaScript by Scrimba**  
Certificate from Coursera

This course covered JavaScript fundamentals, including variables, functions, conditionals, loops, arrays, objects, DOM manipulation, and event handling in web applications.

-  **React Basics by Meta**  
Certificate from Coursera

This course provided key concepts like React.js fundamentals, component creation, JSX syntax, event handling, props, state management, navigation basics, and asset management, offering introduction to React development.

-  **Learn React by Scrimba**  
Certificate from Coursera

This course delivered in-depth instruction on JSX, custom component, state management, props, conditional rendering, form handling, useEffect hooks, local setup, and Firebase integration with dynamic web applications.

## SKILLS

- **Languages:** • HTML • CSS • C Programming • JavaScript
- **Libraries and Frameworks:** • React JS • Bootstrap 5 • Tailwind CSS
- **Backend:** • Firebase (Backend as a Service)
- **Version Control:** • Git • GitHub
- **Text Editors:** • VS Code • Atom • Bracket
- **Tools:** • MS Word • MS PowerPoint • MS Visio • Matlab Simulink
- **Soft Skills:** • Communication • Time Managment • Quick learner • Team Player • Pressure handling

## FRONT-END PROJECTS

---

- **Portfolio by Tailwind (GitHub)** - This tailwind CSS portfolio includes a variety of features that make it modern, functional, and visually appealing. (**Live Preview**). Here's a detailed breakdown of its features:
  - It is designed to be responsive, adapting to different screen sizes and devices.
  - The portfolio has a dark mode that provides a comfortable viewing in low-light environments.
  - Smooth hover effects and transitions enhance the user experience, making the interface more interactive and engaging.
- **DataMinds by HTML, CSS (GitHub)** - This is an online learning website. (**Live Preview**). The site features a modern, clean, and user-friendly design by pure CSS with –
  - visually appealing color scheme, readable typography and responsiveness with CSS Grid for desktop, tablets, mobile.
  - clear sections (Home, About, Courses, Teachers, Reviews, Contact, Login) with fixed header navigation alongside a hamburger menu for easy access.
  - smooth scrolling, transitions and hover effects on buttons, boxes, links, and forms for user engagement.
- **BlackJack Game by JS (GitHub)** - A JavaScript project influenced by internet which implements card dealing, sum calculation, and win/lose logic using almost all the concepts of JS. (**Live Preview**). The updated features are:
  - placeBet() allows 10 chip bets, deducts from chips, awards 5x chips for Blackjack win.
  - Players can set a username for storing chips and restart the game when broke (0 chips).
  - Buttons shows hover effects, transitions, and the layout adapts to screens via media queries.

## EXTRA-CURRICULAR ACTIVITIES

---

- President at RUET Chess Club
- Event organizer of indoor, outdoor tournaments and cultural programs at RUET

## LANGUAGE PROFICIENCY

---

- Native user of **Bengali**
- Proficient in oral and written communication in **English**
